

## Summary 4 (level 1)

**New Phrases:** read (in WB), write down the translation.

What is he like? **Какой он?**

What does he look like? **Как он выглядит?**

What does he like? **Что ему нравится? Что он любит?**

Эти фразы часто путают, потому что в них используется like, но, как вы видите, значение совершенно разное. Remember them!

## ARTICLE THE

What do you remember about THE (difference a/the, устойчивые фразы)?

Главное отличие артиклей в том, что неопределенный артикль используется, когда речь идет о явлении, которое мы встречаем впервые, предмете в общем, одном из нескольких ему подобных, а определенный когда мы говорим о чем-то конкретном, или уже ранее встречавшемся в разговоре.

Теперь подробно разбираем все правила: смотрим в РТ, дописываем пропущенные слова и примеры. Артикль А мы можем использовать с исчисляемыми существительными в единственном числе. А артикль THE? Его мы используем с **любыми** существительными (при особых условиях). Что это за условия?

Fill in the rules yourself, then check them in the summary of the level. Then do the exercise.

**Внимание! Вы пропустили мини-тест! Его нужно обязательно сдать на следующем уроке!**
