VERBS USED WITH CLOTHES

There are many verbs you can use when you talk about clothes. How many do you know? Let's check.
Do the exercise in your WB and then check yourself.

Read the verbs and remember that:

- Одеваться + наречие (хорошо, тепло, красиво) – используем **dress**, а не **wear**

Dress warmly if you're going out for a walk. **NOT Wear** warmly if you're going out for a walk.

- You can say "I have to **dress IN** a suit and tie for work". OR "I have to **wear** a suit and tie for work".

NOT I have to ~~dress~~ a suit and tie for work.

- С фразовыми глаголами обратите внимание, что их все можно разделять.

Put your shoes on. OR Put on your shoes.

- Undo подчиняется тем же правилам, что и do когда образует 2 и 3 формы (undo – undid – undone)

- You can use **dress** and **undress** instead of **get dressed** and **get undressed**, but in everyday English, people usually say **get dressed/undressed**.

I undressed and went to bed = I got undressed and went to bed.

Fill in the missing words in the next exercise and then check yourself again.
