

Summary 7 (level 2)

Let's review! Fill in the empty suitcase with all the Future Tenses.

Now, open the big picture in your WB (pages 6-7) and Imagine it's tomorrow at 8 a.m. Describe what the people will be doing at this time using Future Continuous (and other future tenses)

Tomorrow at 8 a.m. this girl will be sleeping at the airport.

These children will be playing, etc.

What has happened to Ricardo? Tina has fired him. Guess what he and Valentina have decided to do? They decided to travel around the US together. Their first stop is San Francisco. Where would you go? Where would you stay? Which type of accommodation do you prefer when you go on holiday? Why? What are the good and bad things about these places?

Listening

1. Listen to Ricardo and Valentina. Where have they decided to stay?
2. Listen again. Write Valentina's problems with the accommodation.

Look at the pictures in your WB and write down the rules.

too **слишком**

The bed is too small.

The tent is too short.

not ... enough **недостаточно**

The bed isn't big enough.

The tent isn't long enough.

Обратите внимание на конструкции и на порядок слов в них, and do the exercise. Then check yourself.

Enough конечно же может использоваться с прилагательными и в утверждениях

I'm smart enough (to do this exercise).

What to take on a trip

What are the most important things to take on vacation abroad?

Match the pictures to the words.

Read and translate the words. Write down the translation of the words you don't know.

В этом списке все слова; в **саммари** будут только слова выделенные серым (новые)

books and magazines /ˌmægəˈziːnz/	книги и журналы	underwear and socks	белье и носки
camera /ˈkæməɹə/	фотоаппарат, камера	cash	наличные
contraception	ну понятно ☺	passport and visa /ˈviːzə/	паспорт и виза
credit and debit cards	кредитные и дебитовые карты	phone	телефон
earphones / headphones /ˈɪəfəʊnz/	наушники	phone charger	зарядник для телефона

tablet	планшет	guidebook /ˈgaɪdbʊk/	путеводитель
medication /ˌmediˈkeɪʃn/	лекарства		

Отрабатываем ударение (word stress)

Многие слова вы уже знаете, но произносите неправильно. Обратите внимание на ударение в словах **earphones/headphones**, **hairdryer**, **toothbrush**, **backpack**, **laptop**, **underwear**, **guidebook** - везде на первый слог – это составные существительные! (в транскрипции обращаем внимание на палочку ударения)

Это очень распространенная ошибка. Вспомните, как важно ударение в любом языке (странно будет, если на русском вы будете делать ударение стУдент изУчает физИку). Или вспомните разницу между глаголами пИсать и писАть.

В следующих сочетаниях также под ударением первое слово: **credit** card, **phone** charger, **plane/train** tickets, **playing** cards, **wet** wipes

Отработка и сдача ударения будет в левеле!
